

The New York delegation largely in the convention will be dominated by friends and Associates of Governor Thomas E. Dewey. Dewey says he is not a candidate but who is mentioned prominently, nevertheless, in presidential speculation.

If a "draft" starts for Dewey, or he gives the green light, he can count on almost the solid support of the New York delegation, politicians believed after checking to-day the nearly completed list of organization candidates for delegates. They will be elected formally.

Warren Man Gallon Club Blood Donor

Warren has a particular interest in announcement received from Fort Niagara, N. Y., that a new national record was established there last week when soldiers donated 230 pints of blood in a single visit of the Red Cross mobile unit from Buffalo.

One of the soldiers was Pvt. Keith Young, son of Mr. and Mrs. Robert R. Young, Glenwood street, who made his eighth donation to the bank and thus becomes a member of the Gallon Club.

Interviewed and photographed by the newspapers of the section, it was learned the young soldier made his first blood bank donation back in March, 1942, while he was still a student at Oberlin College.

So interested was he in this form of national service that he even hitch hiked into Cleveland for a couple of his donations. Later, during the 11 months he spent at New Cumberland reception center, he again made the trip in to Harrisburg for his appointment with the mobile unit. During most of this time he was obliged to write home for his parents' consent to donations, but now he is 21 years of age and a valuer is no longer necessary. He has been at Fort Niagara three weeks today.

According to the word from Fort Niagara, more than 400 other volunteers were turned away in the same day the 230 gave their donations and arrangements are being made for another visit.

TIMES TOPICS

NO ROTARY MONDAY

Warren Rotary Club members are being reminded that there will be no weekly luncheon-meeting on Monday because of the combined service club assembly on Tuesday to honor visiting officials of the Pennsylvania American Legion and Auxiliary.

RAIN PROMISED

Unless there is a change in the weather folk of this area are in for a sloppy bit of weather as the report today promises rain late this afternoon or tonight. The temperature rose steadily from a two above registered yesterday morning to 10 above this morning and a further rise is promised.

MAKING GOOD TIME

Good time is being made in the demolition of the Wallace and Miller houses on Second avenue to make way for an addition to the Sylvania Electric Products, Inc., plant. While the houses are being demolished the contractor has a force of men at work excavating for foundations for the new plant and the work is going forward in good shape.

BUSINESS NORMAL

With another ration period under way at the State Stores the business at the local State Store has settled down to normalcy. Those registered under the two former ration periods are buying slowly and there has been no rush to secure a supply. Several of the clubs report that they are having difficulty in securing sufficient liquor to supply their members.

LEASES NEW ROOM

The Printz Clothing Store, of Jamestown has leased a store room in the former J. C. Penny building and work of remodeling will start at once. The Printz store was destroyed by fire about two weeks ago and the announcement of the securing new quarters was made yesterday. The new store will be a streamlined affair with the most modern of fixtures.

COMPLAINT IS MADE

Residents of the district between Warren and Kane are entering complaints that the West Ridge bus which formerly arrived in Warren about 4 o'clock is now running later and waits for a connection at Kane which makes the bus usually late in reaching Warren. They aver that they are forced to wait out in storm and wind as they have no way of knowing whether or not the bus is on time.

RIVER CLOSED AGAIN

For the second time this winter the river is closed again with ice. It closed above the bridge again and is also closed below town near Starbrick. Those who reside along the stream are hopeful that when the ice moves that there will be no more trouble experienced than was encountered the last time. Sportsmen are quoted as saying that a pair of horned owls are making their home on the big island in the river near Starbrick. The island, largest in the river and of about four acres in size is the habitat for small game and the owls are probably attracted due to that fact. They feed on small game and do much damage.

MEN ENJOY DINNER

Register and Recorder O. E. Loper had the unusual experience of being a guest at a dinner at his farm on the Miller Hill road last evening. Hosts for the affair were Sheriff L. E. Linder, County Treasurer William Simonsen and Ray Thompson, registrar and tax clerk. There were about twenty in attendance and the evening was spent in cards. Attorney John Stewart was master of ceremonies for the brief program after the dinner, during which appreciation was expressed to Mr. Loper for permitting the use of the farm for the occasion.

Stabilization
Plan Working
Well Locally

Manager David Levine is receiving many congratulations from employers of labor about the city for his successful work in getting the work stabilization plan working 100% in this city. Mr. Levine however points out that due to the splendid cooperation he is receiving from the employers it is possible to make a good showing. The employees of the various plants have learned that statements of availability must be secured before a change in a job can be made and at present less than one-third of the number are seeking to change that were endeavoring to shift six months ago.

Another gratifying feature is that every week four or five persons who have been working out of town are returning to Warren armed with statements of availability from their last employer. They are seeking places again in local plants and there is practically no persons leaving Warren at present for employment out of town.

Mr. Levine states that most of those returning state that while wages out of town may have been a little higher the additional cost of board, room and transportation exceeds the increase in pay received.

TIMES TOPICS

BEREAN CLASS
Berean Class members of First Baptist church will be entertained at 8 p. m. Friday at the home of Mrs. Grover Lind, Jefferson avenue, Miss Grace Ruhlman assisting.

REUNION NEXT WEEK
Many Warren members of the Coudersport Consistory are hopeful of good weather next week when they will travel to the Potter County town to attend the February Reunion of the Consistory. SEEKING HELP
Representatives of Struthers-Wells will be at the office of the Manpower Commission Saturday between the hours of 9 and 10 for the purpose of hiring several women for employment in the shops. Several women have been given places there and they are meting with great success. At the same time they will hire a number of men to be employed as laborers about the plant and there are openings for about 15 men.

ITEM OF INTEREST
Press reports from an escort aircraft carrier in the Atlantic Area concerning a recent junket when it reported one submarine sunk, one severely damaged and one slightly damaged during a 45-day cruise are of interest locally when it is learned that a Warren man is a member of the crew of one of the baby flattop's destroyer escort. He is Richard G. Curren, RdM 2/c, son of Mr. and Mrs. Robert Curren, 1104 Pennsylvania avenue, east.

SHOP TO MOVE
The Yarn Shop, which for several months has been located in a storeroom in the Salvation Army building will move soon to a new location also on Pennsylvania avenue. GOOD EXAMPLE GIVEN

Mention in The Times-Mirror last evening of the erection by Gilbert Peterson, Sheffield business man, of several cabins along Four Mile creek has roused much comment of a most favorable nature. This is one step in the right direction in the drawing of the tourist trade to Warren county. The Allegheny National Forest and the Allegheny river with its myriads of fish is one of the county's main assets. Each year many city folk seek cabins in Penn's Woods for camping purposes and those deep in the fastness of a forest are among the most sought.

Statistics of the AAA show that tourists spend an average of \$5 per day, and if this county could attract 100,000 tourists each year the aggregate sum left in the county would be large and felt mightily in the arteries of trade.

Warren folk have neglected this opportunity in the past and it is worth while to see some person awakening to the fact that cabins in the woodlands are a good investment.

Pennsylvania in hunting and fishing publications lists every person in the state who has accommodations for hunters and anglers and Warren county should be largely represented. Sheffield and Kinzua annually reap a large dollar harvest from the hunters. Farmers and others who have rooms for rent during the hunting and fishing season would do well to see that their rooms with board are given a place in the publications.

Work of getting this county on the tourist map should no longer be neglected. Within the next few years thousands of tourists will again be on the roads, seeking pleasure far from the busy streets of crowded cities.

RECRUITMENT

The soldier's wife who asked the War Department to take her husband off a desk and give him a fighting job has written a persuasive recruiting argument for the WACs and the rest of the women-at-arms.

She was writing about a 6-foot, 190-pound sergeant who had "spent years practicing all kinds of shooting and fighting." But he had also spent seven years in college and university.

The Army needs fighting men of this description. But the jobs behind the line are not "some useless branch of the service," as this soldier's wife suggested. They have to be done, and many of them can be done by women.

One qualified, capable girl in WAC uniform could let this husky sergeant put his shooting and fighting practice to work, with the Army's grateful thanks.

WAR-TIME DOLLAR DAYS

Shoppers of the area will have an opportunity Friday and Saturday, to participate in the bargains always offered by Warren merchants on Dollar Days.

A survey of the advertisements in this issue will convince all that local merchants have succeeded in securing many scarce articles to be sold at money-saving prices during the two days.

Persons planning to take advantage of the offerings are advised to shop as early as possible, since much of the most desired merchandise may be available in small quantities only.

Officials of the Young Women's Christian Association, always on the alert for new ideas, are to be commended for their latest project, which is called an "At Home", which will be held Friday afternoon. This will offer newcomers in the community an opportunity to attend a get-acquainted hour, during which they will be served light refreshments. It will be the first of such affairs, intended mainly to welcome women of the Sylvania Electric Products, Inc., although all women are invited.

A highlight in the program of high school activities is scheduled for tomorrow night, when the Dramatic Club will present the annual Evening of Plays. This is an event that is always anticipated with much pleasure because it offers variety in type of entertainment offered, in addition to making it possible for a large group to participate. The curtain will go up for the first play at 8:15 o'clock.

From where I sit...

by Joe Marsh

Sure's a lot of talk going around nowadays about post-war planning... folks passing resolutions... statesmen holding conferences... governments making promises to each other.

But as Bert Childers says: "What good is all this drawing up of plans unless each one of us decides to make his corner of the world a better place to live in?"

From where I sit, Bert's put the problem in a nutshell. Governments can pass all the resolutions and make all the treaties

they can think of—and it's still up to the people themselves to see to it that the world is ruled by tolerance and understanding.

Unless we make up our minds to respect the other fellow's rights and liberties—whether it's the right to enjoy a glass of beer occasionally or the right to vote according to our conscience—all our post-war planning won't be worth the paper that it's printed on.

"WE TRAVEL when travel is lightest"

To keep transportation moving at top efficiency is a major wartime job—and a major share of that job is being done by Greyhound and other intercity bus lines. You can help buses do their job better by planning your travel wisely. Take extra care in choosing your time to travel — pick off-hours, off-days, off-seasons whenever possible. By going when travel is lightest — on mid-week days, in Winter, early Spring or late Fall — you'll be more comfortable, and you'll save space in crowded periods for men in uniform and war workers who must travel then. You'll help still more by traveling light — by getting all information and tickets well in advance.

A PERSONAL MESSAGE FROM DONALD NELSON

IN VIEW OF THE SERIOUS NATURAL GAS SHORTAGE, I AM ASKING YOUR COMPANY AND EVERY GAS COMPANY IN THE APPALACHIAN AREA TO SEND A PERSONAL MESSAGE FROM ME TO EVERY RESIDENTIAL CONSUMER, STORE AND FACTORY, CALLING UPON THEM TO COOPERATE IN AN ALL-OUT EMERGENCY CONSERVATION IN THE USE OF GAS DURING THE NEXT SIXTY DAYS. AFTER APRIL THERE WILL BE MUCH LESS DIFFICULTY IN TAKING CARE OF REQUIREMENTS AND BEFORE NEXT WINTER, WE EXPECT TO COMPLETE A NEW LARGE PIPELINE FROM TEXAS WHICH WILL PROVIDE AN ADDITIONAL LARGE SOURCE OF SUPPLY FOR THE AREA. HOWEVER, DURING THE NEXT CRUCIAL TWO MONTHS IT IS ABSOLUTELY NECESSARY THAT EVERY CONSUMER REDUCE HIS CONSUMPTION OF GAS SO THAT WE WILL BE ABLE TO SAFE GUARD DELIVERIES TO VITAL WAR PLANTS.

DONALD M NELSON CHAIRMAN WAR PRODUCTION BOARD.

International News Photo

Donald Nelson, chairman of the War Production Board, says the situation is critical for Natural Gas and will be for the next 60 days.

Here's how you can help save it in your home, office, store or factory:

- 1 Don't use your kitchen range for heating. Close off rooms or space not in use, and don't use Gas room heaters to supplement other fuel.
- 2 Don't waste Gas by washing dishes or hands in hot running water. Bathe with minimum hot water.
- 3 Avoid excessive room temperatures.
- 4 Cook with low flame and minimum amount of water. Turn off burners promptly.

5 Replace or clean furnace filters, insulate your water heater, install storm sash and insulation. Natural Gas long ago "went to war" in our war plants... to make parts for tanks, guns, planes, ships for our fighting forces. The next 60 days are critical ones. While the emergency exists, please help all you can. None of the above points may seem important in itself, but in the aggregate they all count.

Dramatic Club Caters To Variety of Moods In Its Annual Evening of Plays

A survey of the group of plays to be presented by the High School Dramatic Club in the school auditorium Friday evening reveals that at least some of the many moods of each play-goer is bound to be satisfied.

"Guess Again, Ghost" has its scene in a dilapidated mansion-like house which has seemingly been thrust upon some poor relatives. Grandma, old yet not helpless, is played by Gretchen Hillburn. Her two granddaughters are Gloria Koebley and Joanne Wendelboe, while their old family servant, Linda by name, is portrayed by Mary Ross. The role of the nurse is played by Eleanor Riggs and Barbara Boynton is the

young woman victim of circumstances.

A touch of modernism, or patriotism as it affects some, is given in "Paul Jones the Ratton Book", in which the Jones family, of many former high school plays, again comes to the front. Charles Brown is the father, Betty Jane Anderson, the mother; their sons, Richard Randall and Richard Korb and their daughter, Patty Kolpin, Jane and Lila, girl friends of the two boys, are Juliana Hamold and Marilyn Samuelson.

The third play, "The Hummingbird Hiccup", goes satirical with the medical profession. Ed Peterson is the famous Dr. Bugbird and his rival is Dr. Twipple, lady

doctor played by Marjorie Lawson. Miss Tiek, a neurotic having a severe case of hiccup is Gloria Hausman. Other patients are John Borne, Joan Benigni and James Richards. Janet Cannon will be seen as Dr. Bugbird's office girl and Juanita Farr, a saleslady, finds her way into the wrong place.

School students will provide special music between these one-act selections.

Doors will open at 7:30, since there are no reserved seats, and the curtain will go up at 8:15 for an evening of wholesome entertainment.

Y.W.C.A. Extends Welcoming Hand To All New Folks

Plans for the YWCA's "At Home" on Friday afternoon in the activities building call for a get-acquainted period and a cordial welcome by Mrs. Carl Lundahl, president of the board, and Miss Mary Church, new general secretary. There will also be a cup of tea for all interested.

The hour is set from three until five o'clock and any woman in Warren is welcome, with particular emphasis on those who have newly come to the community with the Sylvania Electric Products plant. YW members may consider this their invitation to be present to assist in this welcoming of new residents.

Arrangements are in the hands of the education and recreation committee and announcement is made that these "at homes" are going to be continued on the third Friday of each month.

ATTENTION READERS OF THE TIMES-MIRROR

American bombers now fly higher and stay at high altitudes longer because of a new chemical development which lengthens by about 50 times the high altitude life of carbon brushes in the planes generators.

Red Cross Is Given Boost By Sgt. Conklin

Another unsolicited boost for the fine work of the American Red Cross is contained in a letter just received by Mr. and Mrs. James Conklin of Pittsfield from their son Sgt. Clarence Conklin who is with an infantry unit somewhere in England.

Sgt. Conklin reveals that he was recently hospitalized for 20 days and cannot speak too highly of the care given by doctors and the courtesies shown by the nurses.

He writes that Red Cross representatives came to the hospital once each week and, among other activities, arranged for exciting bingo games to entertain the patients. "They are truly 'Angels of Mercy'", he says, "tell the folks at home to keep up the good work on the Home Front".

Warren Bank & Trust Has Fine Display

The application of the assembly-line method of production to many big industries is one of the reasons for the immense industrial output of the United States. Motor Transport is contributing immeasurably to this production record by doing such jobs as illustrated here. This picture shows a 50-ton boiler for a Liberty Ship moving down the assembly line via Fruehauf Trailer. These huge boilers are fabricated at one point, tested a quarter-mile away, then installed in ships on ways a half mile farther along. Truck-Trailers are helping to speed ship construction in many different ways, and some other examples of their outstanding war work are shown in an interesting War Bond display now showing in the Second avenue window of the Warren Bank and Trust Company.

dainty women shun Soap-dish "Jelly"

USE SWEETHEART SOAP and notice how dry and firm it stays because of its oval shape. Unlike many soaps that lie flat, only a very small part of SweetHeart's big oval cake actually touches the surface. Air dries it off fast... helps avoid messy and wasteful "jelly" in the wet soap dish. You'll find SweetHeart Soap both dainty and long-lasting. Remember: among eight leading brands only SweetHeart Soap is oval in shape.

Agreement on Davis By G.O.P. May Cost Willkie Delegates

Many interesting sidelights on the circumstances resulting in the decision of the State Republican organization to endorse U. S. Senator James J. Davis for re-election, is contained in the following clipped from the February 14th issue of the "Observer" printed in Philadelphia:

The Republican organization's decision to slate Senator Jim Davis for renomination was a decided setback for Wendell Willkie in this State, according to well-informed party circles.

The GOP endorsement of Davis eliminates the potential alliance between the two outstanding Republicans which would have become a reality if the organization had carried out its original declaration to shun Davis.

If that alliance had materialized Willkie unquestionably would have gained control of at least 20 of Pennsylvania's 70 delegates to the national GOP convention, a split which would have destroyed any chance of this State's playing a

leading role in picking the Presidential nominee.

The GOP organizational endorsement for Davis came, according to those in the know, only after Governor Martin brought heavy pressure to bear on Joseph N. Pew, Jr., and Joseph R. Grundy, the party leaders, and persuaded them that their support for Davis was essential to party unity in the state.

Incidentally, it bore out Martin's own idea of a strong and united but uninstructed convention delegation, an idea that was gravely in danger as long as the organization and Davis remained at loggerheads.

First effects of the party endorsement of Davis are already being felt in Allegheny county, where sentiment for Willkie, formerly reported to be extremely strong, was said last week to be subsiding.

Robert J. Corbett, leading Republican light of Allegheny county and former Congressman, who has

been beating the drum for Willkie in that area, was said to be considerably subdued since the GOP announcement.

William J. Hamilton, Jr., Republican leader of the 21st Ward, and a powerful party factor, has been working hard to convince GOP leaders that the big prize in this campaign is the Presidency, and that minor squabbles must be avoided so that all strength may be concentrated on that.

It would be a smart move, he pointed out to the leaders, to give Davis another term so the party could have the benefit of his considerable support.

Martin, Hamilton and other far-sighted party figures finally prevailed and brought about the Davis endorsement by the organization.

Inside political sources explained that, if Davis were an independent candidate for the nomination, allied with Willkie, the latter would undoubtedly have an opening wedge, to come into the State, make contacts and recruit delegates to support him at the convention.

That contingency has been stymied, however, by the about-face on the part of organization leaders, forcing Willkie to start from

GIRL SCOUT LEADERS

Hundreds of alert, patriotic women are enlisting as leaders of Girl Scout troops because they believe that the Girl Scout program is important in wartime, and helps girls prepare for post-war responsibilities.

Seventy women in Warren county are giving several hours each week to leadership of Girl Scouts and Brownie Scouts and, besides these, many volunteers are serving the girls in other capacities.

Despite this large number of leaders, twice as many are needed. There are some communities in the county where there are no troops and in others more leaders are needed.

In Warren borough alone 20 leaders could be placed immediately with troops. Tidioute, Russell, North Warren and Sheffield need more leaders while these communities have no Girl Scout units: Corydon, Rhona, Clarendon, Lander, Lottsville, Columbus, Grand Valley and Irvine.

Girl Scout leadership is a challenge to the women of this or any other county. It does not at-

tract people who are looking for spectacular means of serving their country but it has a great appeal for those who feel that character is the basis for national life.

A self-training plan is offered free by the Warren County Girl Scout Council so that any woman who is really interested may gain the knowledge necessary for leadership while she is working with her troop. In addition, help is given on the job by the executive secretary and two volunteer troop advisors.

Mrs. N. K. Wendelboe, chairman of the organization committee of the local council, hopes to extend the program until every girl in Warren county has opportunity of becoming a Girl Scout and says this can be accomplished only through volunteer service of an additional seventy women willing to become leaders.

scratch among Pennsylvania delegates.

The party leaders, in their endorsement of Davis, undoubtedly recalled the bonehead play pulled four years ago by the Pennsylvania delegation in Convention Hall. While the remainder of the delegates were going overboard for Willkie, the delegates from this state were still in a hair-pulling contest as to who they should support.

The organization, heading the advice of Martin and Hamilton, has wisely decided to avoid a repetition of that spectacle this year.

LEAVE BILLFOLD
Police last evening had a call from a Kane hotel in an effort to stop a man driving westward from that place. The man had left his billfold with a large sum of money in it in a lavatory of a Kane hotel. Despite the best efforts of the local police they could not locate the fellow.

SAVING PAPER
Patrons of local stores are asked to carry their purchases as far as possible and they are also asked to help in the conservation of wrappings, bags, etc. Many who have two or more packages ask that they be placed in a bag. Store keepers are finding it hard to secure a supply of bags, wrapping paper, etc., and are urging a little more cooperation on the part of their patrons.

INVITED TO SPEAK

During the Friday sessions of the 21st annual meeting of the American Orthopaedic Association, Inc., being held in the Palmer House in Chicago, members will hear an address by Dr. Leonard Rosenzweig, of the Warren State Hospital staff. His topic will deal with "A Community Mental Hygiene Program for the Pre-inductee," in which he will outline what has been done in Warren county to bridge the gap between civilian and military life by providing an evening of psychiatric and military orientation in the pre-induction parties held in the YMCA and explain operation of the four-man panel and the discussion forum.

FOX HUNT SUNDAY

The Warren Field and Stream Club will hold a fox hunt Sunday, Feb. 20th in an area up Hatch Run. A special committee is spending this afternoon as well as Saturday lining up all phases of the drives and the hunt is expected to be the most successful yet because more time has been given to the planning of it and more fox signs have been observed than in any other territory. The snow, too, will be advantageous. Sportsmen are requested to meet at Finley's Store at 10:00 A. M.—and to bring their own coffee cups. Hamburgs and coffee will be furnished.

Fire Burns Country Home Near Russell

Fire starting from an overheated chimney in the home of Mrs. Franny Brasington, two miles east of Russell this morning destroyed the frame home razing it to the ground. The chimney was in the center of the house and the flames spread into partitions of the home engulfing it in flames in a remarkably short time.

Mrs. Brasington, who has been ill and confined to her bed was removed from the house and is now at the home of Mr. and Mrs. Clarence Martin, where she is resting quite comfortably although suffering somewhat from shock.

The Russell Fire Department was called and made a run to the fire but the flames had gained such headway that efforts were mainly devoted to the saving of nearby structures.

Much of the household fittings were destroyed and the loss will be a heavy one. No estimate of the loss has been given. Boys driving by discovered the flames coming out of the roof and rushed in and gave what aid they could.

CAR RECOVERED
A 16-year old Pittsfield lad who is employed at Clarendon will be certified to juvenile court by Pennsylvania State Police in the theft of an automobile at Clarendon Heights on the evening of February 9. The car, a 1937 Chevrolet sedan belonging to Harry Gustafson, 22 Linwood street, was found last night in a garage at Pittsfield.

MISSED FINE SHOT
Ray Bimber, who in addition to raising a quartette of fine hogs at his Starbrick country estate, is a movie cameraman and yesterday missed a fine shot. While looking out a window at his acres he saw a handsome deer walking down along the Pennsylvania railroad tracks all oblivious to the fact that a freight was passing. He grabbed his movie camera and rushed out. The deer was not in sight as he sneaked around his garage and when he got another look the animal was crossing the river on the ice. Bimber says it showed no signs of being ill fed and was plump and full of life. When sighted the animal was too far away for a moving picture.

Starbrick Boy Scouts Make Fine Display

Boy Scouts of Starbrick, who have arranged a very nice display in the Cornwell Store window, advanced a number of members in the Court of Honor held at the school building.

The court consisted of Albert Toner, chairman, with Don Lauffer, Harold Smithers, Robert Smith and Orville LeLaCheur assisting. Rev. LeLaCheur led in prayer and all joined in the flag salute. Harry Black read the announcements, with Scoutmaster Paul Williams offering his congratulations and Assistant Edwin Morris awarding the boys their badges and insignia.

Those advanced were: Henry Williams, Life Scout, who moved up from senior patrol leader to junior assistant Scoutmaster and received a five-year service pin; Willis Fitzgerald, first class, from patrol leader to senior patrol leader; Eugene Pastrick, second class, from assistant patrol leader to patrol leader with a one-year service pin; Russell Pratt, second class, from scribe to patrol leader; Otto Sidon, Jr., second class, to assistant patrol leader. Second Class Scout Richard Huckabone was made scribe. Harold, Smithers, Jr., James Miller and Richard Huckabone were advanced to second class and William Gray and Joe Templeton were accepted as tenderfoot recruits.

At the close of the court, Don Lauffer spoke on Scouting work and a 20-minute movie on Scouting was shown.

ALEXANDER RASHID COMPANY

ghway Program For State
ill Make Millions Available

State Highway Secretary
Schroyer was not "spoofing"
Senator Chapman, of this
time when he promised him
millions of dollars for im-
provements on the Roosevelt
way—Route 6—is evidenced
in an article
announcement in the article
that the Federal Gov-
tment would aid in the State's
program.
Federal-aid program will be
largest ever planned, in fact
times the size of the pre-
vious program has been outlined
in a special re-
construction
for the U. S. Senate's
War Economic Policy and
Finance Committee. Basing
its on two bills now be-
fore Congress to provide one
bill a year for highway
construction the report said Penn-
sylvania would receive \$48,440
in funds to be supplemented
by 24 million dollars in Fed-
eral funds.
Total of construction funds,
the proposed plan, would be
\$100 million yearly, as com-
pared with a Federal-aid program
of \$40 million in 1942 and 1943
of \$50 million in 1944 and 1945,
supplied on a 50-50 basis
by the Federal and State
governments.
An expanded Federal aid pro-
gram will be needed after the
war until State highway revenues
recover from effects of rationing
and curbs on motoring, the report
said, and even states with a sur-
plus of funds will need help be-
cause of accumulated needs for
construction.
In accompanying statistics on
State highway finances, Penn-
sylvania was shown to be the
leading state in point of finances de-
voted to highway construction, be-
fore the war. In 1941, of total
highway receipts of \$108,205,000
the State spent \$76,027,000 for
highway purposes—some \$31,579-
000 more than the next highest
state. Debt service requirements
for state highways were placed at
\$10,345,136 for 1944 and \$8,839-
873 for 1945.
With this money in sight for the
improvement of Route 6 construc-
tion work to rebuild portions of
the road now in black top should
be pushed vigorously and State
Representatives and Senators of
districts along Route 6 should
take time by the forelock. The
new highway laid through Couders-
port and between Coudersport,
Galeton and Wellsburg is of a
type suitable for the new con-
struction.
The new bridge at Glade Run
for which Senator Chapman is
working could also fall into this
category of work and the finish-
ing of the highway from near the
Country Club to the New York
state line, the building of a con-
necting link from the end of the
paved road in Pleasant township
to connect with Route 62 near the
Nathaniel farm below Warren
could also be carried out.
The Chambers of Commerce of
this end of the state should wisely
get busy on these projects so that
the larger cities will not "hog"
the bigger share of the money avail-
able as Pittsburgh already has in-
vested funds for completing its
proposed parkway boulevard

Axis propagandists are doing
their best to disqualify our state-
ments concerning treatment of
prisoners of war held in this
country, hoping to arouse the
sympathies of Americans of for-
eign extraction who might thus
slacken in their own all-out war
efforts for the Allied cause.
Many readers have had first-
hand information from such camps
and know that these accusations
are untrue. Others will read with
interest excerpts from a letter re-
ceived from Lutheran Chaplain

Camp Livingston, La.:

natives saw pine trees covered
with ice and sleet for the first
time in their lives. Both the
Roman Catholic and Lutheran
churches provided Christmas
greeting cards for the prisoners.
Guards and prisoners had their
own Christmas trees, extra rations
and separate services.

the same care and treatment as
our own soldiers. They are housed
in the same type buildings and eat
the same rations that our soldiers
receive here in our base camps;
they also receive the same dental

Raids Spread Much Damage In Helsinki

Stockholm, Feb. 17.—(P)—
Waves of Russian planes attacked
Helsinki last night for the second
time in 11 days, spreading dam-
age through much of Finland's
capital as unconfirmed rumors per-
sisted that the Finns were dicker-
ing with Moscow for peace terms.
Russian air raiders also struck
at Aabo on Finland's southeast
coast, touching off three alarms,
but details were not immediately
available.

Four hundred Russian bombers
attacked Helsinki for nearly nine
hours Wednesday night. Afton-
bladets Helsinki correspondent re-
ported.

Although the attacking force
was twice as large as on the pre-
vious raid of Feb. 6, damage was
less, he said. Twelve persons were
reported killed, but the figure on
casualties was likely to rise.

A Helsinki dispatch yesterday
said Finnish Foreign Minister Sir
Henrik Ramsay had reported to
the parliamentary foreign affairs
committee on his country's "for-
eign political situation," but de-
tails were not available.

Stockholm, Feb. 17.—(P)—
Russian paratroopers have landed
behind the German lines at Narva
and Russian naval vessels in the
Gulf of Finland are pounding the
defenses of the ancient estonian
city as Soviet forces press in from
the east, Helsinki dispatches said
today.

The dispatches said the para-
chute landings were made in the
vicinity of Vaivara, which is about
15 miles west of Narva on the
road to Reval, Estonian capital.

German troops were reported
still fighting from positions on the
east bank of the Narva river,
which flows through Narva into
the Gulf of Finland, but the Rus-
sians were said to have encircled
them.

Acquittal Ordered In Klansmen Trial

Pittsburgh, Feb. 17.—(P)—A
directed verdict acquitted James
A. Colescott of Atlanta, imperi-
al wizard of the Ku Klux Klan, and
four Pennsylvania associates late
yesterday of charges of conspir-
acy growing out of an organiza-
tion meeting two months before
Pearl Harbor.

Judge A. Marshall Thompson,
for many years before his election
to the Allegheny county common
pleas court a teacher of constitu-
tional law at the University of
Pittsburgh, warned, however, his
decision did not mean approval of
the Klan organization.

Marshall said he agreed with
defense counsel's contention a con-
viction would violate the bill of
rights granting free speech to Am-
ericans, but that acts contemplated
in a purported speech by Cole-
scott here in October, 1941, would
make a different picture.

Abdication Proclamation

For two days only out of the entire year I abdicate all responsibility for the merchandising of the Metzger-Wright Co. I turn the store over to the Department Heads, lock, stock and barrel. It is their responsibility to decide what merchandise is most in need of Clearance. It is their job to decide what amount of markdowns to take. It is, in short, their complete responsibility to broken lots, excess stocks, and seasonal goods—with no questions asked. This year, operating as we are under the restrictions of the Inventory Limitation Regulation, it is more than ever important that they do a good job of housecleaning. I do not know of any store in any town of 15,000 throughout the country that has a more able staff of buyers. They will do this clearance job right—and you will profit.

W. Wright
President.
